Following submission of your completed risk assessment form, a 15 minute appointment will be made for administration of your vaccines (if applicable). If vaccines are not required for the destinations you visit, the nurse will contact you to make you aware.

**Please make your appointment at least
6–8 weeks in advance of your travel.**

**Travel Information relevant to your travel destinations will be
given during your consultation.**

Please refer to the following websites for any information before
your appointment OR if you are unable to visit the surgery but need
travel advice.
